# "We like what Jack DeCosta stands for."

"Mattapoisett's future is important to Jack DeCosta. So is its past. We need his kind of vision as well as his sense of Mattapoisett's rich historical past and the need to preserve it."

Jack DeCosta with Mattapoisett's Building Inspector Jonathan DePina

- **He believes . . .** in a larger measure of home rule -- that Mattapoisett should be as free as possible from state and federal controls.
- **He believes . . .** in a broader tax base as a more realistic way of helping hard-pressed homeowners pay the rising costs of essential town services.
- **He believes . . .** that the planned new sewerage system is essential to the future health and recreational well-being of our townspeople.
- **He believes . . .** in continuing and expanding recreational programs and facilities for our young people and our senior citizens.
- **He believes . . .** that conservation programs, well thought out and conscientiously applied, are the soundest means of protecting our beautiful seashore and wetlands environments.

We share those beliefs - we're voting for Jack DeCosta, selectman

specifications except for minor conditions which he reviewed briefly. He said that his committee had taken the opportunity to check over the Daytona 600 bid by the S & S Co. and found it lacking in quality and design. He said the cabinet work was not of a finish that could be expected to last and that with a patient on board some cabinet doors could not be opened.

Selectman Donald Linhares motioned that the Board accept the Ambulance Committee recommendations subject to Town Meeting approval and that the Ambulance Committee continue to function and this motion passed. During the discussion Selectmen Chairman R. William Blasdale inquired how the present ambulance could be utilized as a back-up ambulance in view of the fact that the State now will not approve the use of that type of vehicle. Sgt. Moore replied that, once the town has acquired the modular ambulance, the Pontiac ambulance might receive the required classification to enable it to function as a back-up.

### **DOG PROBLEM**

The Board of Selectmen, moving to implement a townwide restraining order to prevent dogs from running at large, met with the dog officer, Penny Hiller. Mrs. Hiller said that at this time she is severely hampered by the fact that the town has no kennel available to hold dogs. Executive Secretary Stephen Lombard said that Wareham is now putting together a contract to accept Mattapoisett strays. Lombard said that the Wareham dog officer has assured him that he will make one trip a day

John DeCosta, asked Selectmen to approve the gift of a Bell & Howell sound movie projector as a gift to the Mattapoisett Library. Previously, a slide projector had been approved and bought by the committee for the library. The committee found, however, that a slide projector had just been given. Librarian Anne LaPlante said that a movie projector was needed for showing the movie program now in progress. Mr. DeCosta said that credit will be allowed on the new slide projector in exchange for the movie projector leaving a balance of \$489.35 to be paid. The Board of Selectmen inquired if there will be enough for the Shipyard Park plaque and were told that \$4200 remains in the account. Removing \$1500. for the plaque and approximately \$500. for the projector will leave \$2200. and Mr. DeCosta suggested that this balance be set aside to be used in celebration of the Rochester 300th anniversary coming up in 1978. All of these funds were earned by the Bicentennial Committee in sales of books and various other fund-raising activities, Mr. DeCosta explained.

### FINANCE COMMITTEE CHAIRMAN RESIGNS

The Board of Selectmen received a letter from Mr. Joseph Travis of 5 Massasoit Way, Mattapoisett in resignation from the Finance Committee. Mr. Travis explained that circumstances at present did not allow him the amount of time necessary to devote to the Finance Committee business. He said that in fairness to the other members he felt that a new member should be appointed to take his place.

The Board of Selectmen accepted with regret and with thanks for Mr. Travis' valuable service to the Town of Mattapoisett.

### ZONING HEARING TUESDAY MARCH 16

A proposal to change approximately 49 acres off North Street at the I-195 clover leaf from a classification of residential to general business drew comment from several who attended the public hearing. The site, part of which contains the Big 3 Sawmill, is directly across from the land taken by the State for DPW yard and proposed commuter parking lot. explained that the sawmill has historically placed the land in a business use. He said that the DPW yard reinforces the position that the area should be classed as business rather than residential. He said that I-195 and the surrounding trees serve as a buffer between the nearest residential property and the site which is directly adjacent to the Industrial Park area.

Objectors said that the proposal was not new and has been defeated before. Several residents of LeBaron Estates expressed concern that the proposed change would prove detrimental to nearby residential areas. Walega asked if they would consider building homes in the Sawmill site and received negative reply. (Article 25)

### EMERGENCY TRAILER USE (Article 22)

An article to allow Selectmen to issue a permit to occupy a trailer in case of emergency or calamity received no objection. There are no provisions for emergency situations in the present law.

### LIMITED INDUSTRY PARKING (Article 23)

Jonathan DePina, building inspector, explained this proposal to allow one row of parking if the building is set back the minimum of 75 feet from the street and a greater parking area if the set back were more than 75 feet.

### CONFORMANCE TO CHAPTER 808

Town Clerk Lois Ennis explained Article 24 which would make shape or topography of land or structure as conditions for granting a variance.

### LAND STRIP CHANGE

Article 25 seeks to change the designation of a narrow strip of land between the Industrial Drive and I-195. The land is now Rural Residential 40 but has been cut off from that main district by the interstate highway. Because it is adjacent to the Industrial Park a Limited Business designation is sought.

### APPLICATION POLICY CHANGE

Article 27 would require applicants for a Board of Appeals hearing to submit their petition to other town boards for recommendation.

### MARRIAGE ENCOUNTER

On March 27th there will be a Marriage Encounter Information Night. If you have heard of Marriage Encounter and want to know more, or if you are not aware of Marriage Encounter and are curious, plan to come and hear what "encountered couples" have to say of their own experience. Marriage Encounter is a weekend designed to give married couples the opportunity to grow closer and to deepen and enrich the joys of marriage. It is not a retreat, nor a marriage clinic. There is no group therapy and no sensitivity sessions. Marriage Encounter is an ecumenical program and any couple can go on any weekend. Week-ends are held by Congregational, Episcopal Jewish and Catholic expressions.

TOWN OF MATTAPOISETT  
SPECIAL TOWN MEETING WARRANT  
APRIL 11, 1977  
.....

Commonwealth of Massachusetts

Plymouth, s.s.

To either of the Constables of the Town of Mattapoisett in the Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Mattapoisett qualified to vote in Town Elections and in Town Affairs, to meet at the Old Rochester Regional High School, in said Mattapoisett on Monday, the Eleventh day of April next, at Seven-thirty o'clock in the evening, then and there to act on the following Articles, to wit:

ARTICLE 1: SEWAGE AGREEMENT WITH FAIRHAVEN: To see if the Town will vote to ratify the action of the Board of Selectmen pursuant to the authority granted to them by Article 1 of the Special Town Meeting of June 30, 1975 to enter into an agreement with the Town of Fairhaven for the acceptance, treatment and disposal of the Town of Mattapoisett's wastewater and/or sewage.

BOARD OF SELECTMEN

ARTICLE 2: SEWAGE CONSTRUCTION: To see if the Town will vote to appropriate a sum of money for the construction of sewers, sewerage systems, and sewage treatment and disposal facilities and for the lump sum payment of the cost of a tie-in to sewerage services in the contiguous Town of Fairhaven, to determine whether this appropriation shall be raised by borrowing or otherwise; to authorize the Board of Selectmen to apply for, receive and expend any such Federal and/or State aid that is available for the water pollution control project.

BOARD OF SELECTMEN

ARTICLE 3: BONDING EXPENSES: To see if the Town will raise and appropriate or transfer from available funds a sum of money to pay the expenses of printing legal certification and other expenses incidental to the issuance of the bonds and notes for the funding of the Mattapoisett Sewer Project.

BOARD OF SELECTMEN

ARTICLE 4: EASEMENT EXPENSES: To see if the Town will vote to raise and appropriate or transfer from available funds, including Revenue Sharing funds, a sum of money for the purpose of obtaining title abstracts and appraisals of the land over or through which the proposed sewer lines and/or easements will run or take any other action thereon.

BOARD OF SELECTMEN

You are directed to serve this Warrant by Posting-up attested copies thereof at the several places designated in the Town By-Laws, seven days at least before the day appointed for said Meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of Meeting aforesaid.

Given under our hands this 22nd day of March in the year One Thousand Nine Hundred and Seventy-seven.

## MATTAPOISETT WATER POLLUTION CONTROL PROGRAM

On Thursday evening, March 24, 1977 a public hearing will be held to discuss the proposed Mattapoisett Water Pollution Control Program. Included in the presentation will be a brief discussion of background information on the project; an explanation of what the current program is all about; a discussion on project financing and related costs that can be expected for both sewered and unsewered homes; and finally a question and answer period to address any and all comments from Mattapoisett residents. The hearing will be held in the auditorium of Old Hammond Town School at 8 P. M.

This public hearing has been scheduled to present pertinent facts and details prior to the Special Town Meeting scheduled for 7:35 P. M., Monday evening, April 11, 1977 at Old Rochester Regional High School.

The general information contained in the following questions and answers summarizes the highlights of the proposed water pollution control program and attempts to point out how the program will affect each resident of Mattapoisett.

(1) Why do we need a sewer program in Mattapoisett?

Currently untreated sewage is discharged to Mattapoisett Harbor through sewers, storm drains and brooks. These discharges represent a public health hazard to all recreational activities in the Harbor and must be eliminated as part of the Federal and State Program to eliminate the pollution of waterways.

(2) What has been done to solve the water pollution problems in Mattapoisett?

Mattapoisett has been studying its water pollution control needs for more than twenty years. In the spring of 1975, an engineering report supplement was completed which verified that regionalization with Fairhaven was the only practical alternative. Information from this report was presented before a Special Town Meeting in June, 1975 at which time Articles were approved authorizing the Board of Selectmen to:

- a. Negotiate and enter into an agreement for sewage disposal with Fairhaven.
- b. Apply for, receive and expend State and Federal grants for the program.
- c. Retain an Engineer to design the required facilities.

(3) What has been accomplished since the June, 1975 Special Town Meeting?

- a. The Board of Selectmen have negotiated an agreement with Fairhaven for sewage collection and treatment.
- b. The Town of Mattapoisett has received State and Federal grants for the design of the required facilities.
- c. The required facilities have been designed.

(4) What does the Mattapoisett Water Pollution Control Project consist of?

- a. Collector sewers (see attached map for details).
- b. A pumping station.
- c. A force main to transport wastewater to Fairhaven.
- d. An agreement with Fairhaven for joint wastewater collection and treatment.

(5) How many people can be served by the water pollution control facilities?

- a. The initial collection system will serve 1300 residents.
- b. With sewer extensions, the system will be capable of serving 2800 residents.
- c. Ultimately, the system is capable of serving 8500 residents subject to additional negotiations with Fairhaven; modifications to the pump station and force main; and additional sewer extensions.

(6) What are some of the pertinent facts of the Mattapoisett - Fairhaven Sewage Agreement?

- a. Mattapoisett will purchase capacity in the existing Fairhaven Wastewater Treatment Facility to service 2800 residents. Mattapoisett will have the option to purchase additional capacity in the Fairhaven facility when Fairhaven begins design of treatment plant expansions.
- b. The agreement fixes the percentage for Mattapoisett capital payments associated with the Mattapoisett - Fairhaven joint facilities.
- c. The agreement fixes the percentage for Mattapoisett payments for the operation and maintenance of the joint facilities.
- d. The agreement is for thirty years as allowed by State law.

REMOVE THIS CENTER SECTION

(7) What will the proposed Mattapoisett Water Pollution Control Project cost?

It is estimated that the total project cost will be \$2,500,000. This cost can be broken down as follows:

Federal grants	\$1,670,000
State grants	330,000
Mattapoisett cost	<u>500,000</u>
Total Cost	\$2,500,000

(8) How will the anticipated \$500,000 Mattapoisett local cost be financed?

The Board of Selectmen recommend that the local cost should be paid for by a combination of general taxation and betterment assessments to those homes who have access to the system.

(9) Why should those homeowners who are not being sewerd be responsible for paying for a portion of the sewer construction?

The proposed sewer system will protect and improve the conditions of Mattapoisett Harbor; will serve Town buildings, churches and schools; and will have extra capacity that can be used for additional sewerage system extensions.

(10) What will it cost the average homeowner for the new sewer system?

Each homeowner that parallels the old sewer system or the new sewer system will be charged an assessment of \$600. For multiple dwellings, an additional \$200 per apartment will be charged. The assessment cost can be financed over a 20 year period.

The total money raised by assessments will account for \$193,000 or 39% of the total anticipated local cost, leaving \$307,000 to be raised by general taxation.

(11) Give an example of how homeowners will be affected by this project:

The following table illustrates the impact that the water pollution control project will have on homes in Mattapoisett during the first year of financing.

It should be emphasized that each home in Mattapoisett will have costs that vary from these. However, the variations within each category of sewerd or unsewerd homeowner should not be very large.

Charge	Unsewerd Homeowner	Sewerd Homeowner
General Taxation (20 year Bonding)	\$17.40 <sup>a</sup> (\$ .87/1000)	\$ 17.40 (\$ .87/1000)
Assessment (20 year Financing)	0	60.00
Sewer Use Charge	0	50.00 <sup>b</sup>
Total Annual Cost	\$17.40	\$127.40 <sup>c</sup>

(a) For illustration purposes, the assessed value of the home is \$20,000.

(b) Sewer Use Charge will vary depending on the actual water use within each home. The charge is required to pay for the operation and maintenance of the water pollution control facilities.

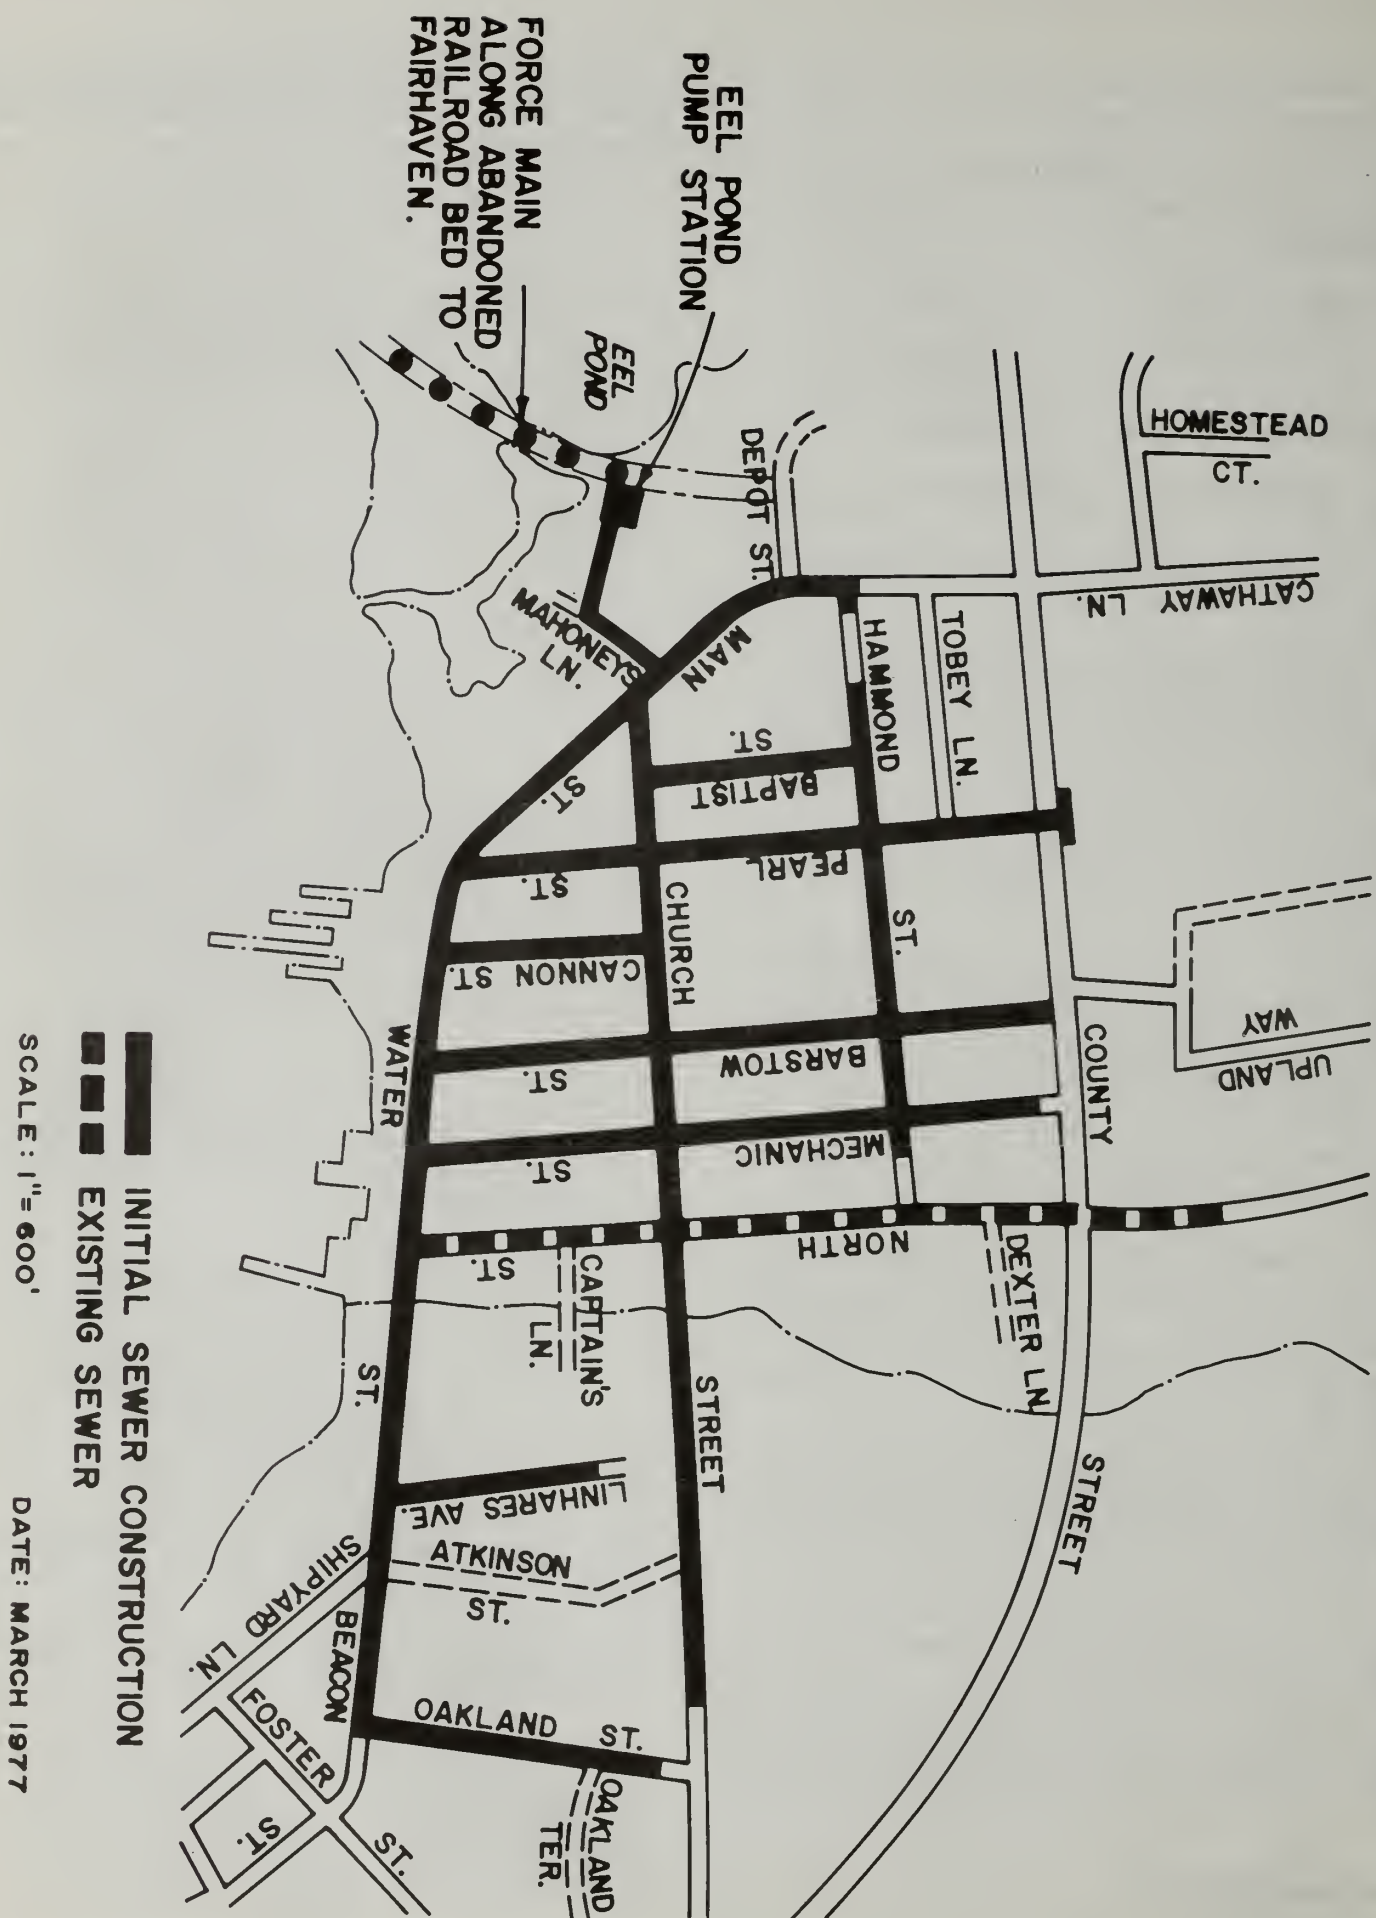

(c) Each sewerd home will also be responsible for the cost to connect his home to the sewer system. This estimated cost is \$10/foot with the distance measured from the property line to the septic tank influent pipe. This cost will vary depending on the location and the plumbing arrangements of the house.

(12) How long will it take before the Mattapoisett Water Pollution Control Project is ready for use?

It is anticipated that the project will be complete and available for use in late 1979.

The Board of Selectmen as well as the Engineers will be available to answer additional questions at the public hearing. Hopefully many details and questions can be answered at this hearing prior to the Special Town Meeting on April 11, 1977.

### TRACK CLUB HAS SPORTS NIGHT

In spite of the adverse weather conditions our second annual Sports Night saw a large crowd turn out for an enjoyable evening of tug-o-war competitions and a good basketball game between Old Rochester varsity and the alumni. Our thanks to the fans, the parents and club members who worked, to Beatrice and Mr. Bradshaw and to Bob Sylvia and his crew of scorekeepers and clock operators.

We are approaching the last week of our bus drive; please look for the blue and yellow containers located throughout the area business establishments or mail your donation to Mattapoisett Track Club, P. O. Box 548, Mattapoisett, Mass. 02739.

# LET'S KEEP MATTAPOISETT SPECIAL!!

Are you interested in a Selectman who:

1. Wants to hear the viewpoints of the people and work hand in hand with them for the betterment of our community.
2. Is not committed to any special interest groups.
3. Will speak out vehemently against the burden placed on taxpayers by the State's issuance of mandates without necessary funding.
4. Is concerned with the growing pains, present and future, with which our town is and will be confronted.

## Mattapoisett, It's Special!

As your Selectman, I will spare no effort in keeping it that way.

Your opinions and ideas will be my guideline, and no problem is ever too small to be heard.

Your vote will be appreciated. Thank you.

## District Nurses

Part 3 of the series about the MATTAPoisett DISTRICT NURSES

Taking care of the health needs of Mattapoisett

The District Nurses are aware of and concerned about the health of all people of Mattapoisett.

Home visits are not our only function.

New babies and their mothers are visited, usually within a month of the babies' birth. Prenatal visits are made when necessary for teaching or referrals.

Immunization Clinics for pre-school and school children are held at least twice a year with co-ordination between the School Nurse and the District Nurses.

The District Nurses work closely with the School Nurse in areas of co-ordination of care, prevention, reporting and controlling

Tuberculosis control is done by prevention, screening and follow-up on those who are on preventive medicine or who have been treated for the disease.

Chronic Disease Control is being done by monthly Senior Citizen Clinics, Screening Clinics, such as diabetes and hypertension and individual counseling is provided daily from 8:00 to 9:00 A.M. in the Nurses' office.

Rehabilitation is done by bedside nursing, speech therapy, instruction to the family and as the nurse acting as liason between rehabilitation personnel, the community, the patient and the doctor.

Mental Health is essential to every one. The nurses evaluate, support the family and follow-up family care. They are knowledgeable of and use community resources. They counsel on a nursing level and co-ordinate with Community Mental Health Nurses from Taunton State Hospital.

Help is given in the areas of drug addiction and alcoholism when needed to the teenagers through the elderly. The nurses are able to aid in prevention, intervene when

## Testing- Grades 2, 4, 6

The week of March 21st - March 25th in the week set aside for the administration of the Cal '70 nationally standardized aptitude and achievement tests to the students in grades two, four and six in the Mattapoisett Public Schools. It is advisable that the students in these grades retire early and have a nourishing breakfast during this week of testing.

Stanford Diagnostic Reading tests were administered to all students in grades two through six during the first weeks of September of this school year. Follow-up Stanford Achievement Reading tests will be administered in late May and early June to all students in grades one through six.

Test scores will be available in the school offices in the late spring.

# VOTERS OF MATTAPOISETT

As your next Selectman, I will do everything within my power to keep taxes down.

I think the time has come for the taxpayers of Mattapoisett to be fully represented at these weekly meetings.

Taxation without representation is not a Democracy.

Let's restore the prestige of this office.

I humbly ask for your support at the polls on Election Day, April 6.

Thank you,

### Mattapoisett Senior Citizens

The next meeting of the Mattapoisett Seniors Club will be held on Monday, March 28th, at the Legion Hall on Depot Street at 2 P.M.

Any Mattapoisett Seniors who are not members are welcome as guests, so come and enjoy our delicious refreshments and make new friends.

### FISH News

FISH continues to serve the people of Mattapoisett. During January and February there were at least fifteen instances when a FISH volunteer was able to help a neighbor keep a doctor's appointment or do some necessary errand. In addition a driver assisted with transportation for the Elderly Nutrition Program two days each week. Occasionally other types of services are provided. And there is always someone on telephone duty.

FISH offers an opportunity for very meaningful volunteer service. To find how you can help call Ilona Langhoff, 758-2787;

## Little League Basketball

Saturday, March 12th, it was Purple vs. Green. The Greens who were missing about half their team were up against tough competition. In the first half 32 points were scored and 26 of them were for the Purples. In the second half both teams scored 12 points each, but with a 26-point advantage it was the Purples who were victorious 38-16.

The second game was Gold vs. Red. Gold held a slight lead through the whole game to win 18-11. Highest scorer was David Talty of the Golds with 12 points; also apologies to David who was mistakenly identified as his brother when the Golds beat the Blues March 11th.

The third game was Blue vs White. The Blues came from behind in the second half and won the game 14-9. Highest scorer was Gerald Lanagan of the Blues with 8 points.

Sunday was Gold vs. White. White had a 10-6 lead at half time, but it was the fourth quarter when the Golds scored 11 points and the Whites' 2. That gave Gold a 25-20 win. Chris Lomba was highest scorer giving the Whites 14 points.

Monday, the 14th, in a game that was tied 4-4 in the first quarter we saw Red vs. Blue. The Blues picked up a 9-point lead in the second quarter and their luck continued to let

Also on Monday we saw Green vs. White. White had a lead through the whole game and won 24-16. Highest scorer was Chris L. Lomba of the Whites with 12 points.

Friday in a tense game the Purples were tied 9-9 at half time with the Whites. At game time they were tied again at 21-21, and went into overtime to let Purple emerge as the winner and to become, in their final game of the schedule, champion of the second half of the season.

Also Friday was Orange vs. Black. At half time Black was leading 13-10. With a come from behind Orange gained 13 points in the second half to the Blacks' 4 and won their last game of the regular scheduled season 23-17. High scorer for the Blacks was Chris Riley with 13 points; also with 13 points was Scott Purtell, high scorer for the Orange. Team standings as of March 18 are Orange 13 wins, 1 loss; Purple 12 wins, 2 losses; Black 8 wins, 4 losses; Gold 8 wins, 5 losses; Blue 7 wins, 6 losses; White 3 wins, 10 losses; Red 1 win, 12 losses; and Green 1 win, 13 losses.

The 19th and 20th will complete our regular schedule with Red vs. White, Black vs. Gold and Blue vs. Black.

Monday, March 21st, at 6:30 begins the knock-out tournament when in game 1 the 5th place team Blue will vs. the 8th place team, Green; at 7:15 Game 2 the 6th place team White will vs. the 7th place team (either Red or Green).

Friday, the 25th, at 6:30, game 3, the winner of game 1 will play the 4th place team (either Black or Gold); game 4 at 7:15 will be the winner of game 2 against the third place team (either Black or Gold). At 8:00 will be the first game of the League championship, Purple vs. Orange.

On Saturday, the 26th, the winner of game 3 will play winner of game 4 for knock-out tournament championship at 12:00 noon. The second game of the League championship playoff will be at 1:00. If necessary, the third game of the championship playoffs will be Monday, the 28th, at 6:30 P.M.

All games are held at Old Rochester Regional Junior High School. The public is invited to attend.

## Early European Music

### MUSIC OF RENAISSANCE & BAROQUE

On Sunday, March 27, at 3:30 P.M. Grace Episcopal Church will host a performance of music of the Renaissance and Baroque by the Providence Recorder Society under the direction of Ilse Schaler. The performance will take place in Rodman Hall and is open to the public. Members of the performing ensemble include Charles Fassett (tenor), Marcelle Gareau (recorders), Glenn Giuttari (harpsichord), Dov Jaron (recorders and viola da gamba), and Ilse Schaler (recorders). Their program will include the works of Dunstable, Morley, Henry VIII, Campion, Telemann, Froberger and Krieger.

All instruments for the program are reproductions of historical instruments to assist in recreating the sound and style of these early periods of European history.

**MONTHLY ART EXHIBIT**

Artwork by Tina Spindola of South Dartmouth will be displayed in the YWCA lobby during April.

Mrs. Spindola relates that "my enthusiasm for life, combined with mood and feeling are reflected in a variety of subject matter which include seascapes, landscapes and florals."

Note: Openings for the lobby art exhibit are available during July and August. Artists interested in exhibiting at the YWCA should call Mrs. Grace Young at the YWCA.

### SPRING COURSES

Belly dancing will be offered at the YWCA beginning Thursday, March 17, from 7-8 P.M.

Slimnastics for those who wish to tone up for summer will be offered on Mondays from 7-8 P.M. or Thursdays from 10:30-11:30 A.M.

A creative movement class for 4-6 year olds will begin Thursday, April 5, from 6-7 P.M.

Ballet for youth 7 years and over will start on Thursday, April 7, at 6 P.M.

Ballet for adults will also begin on April 7 at 7 P.M.

### SOLO PARENTS

YWCA Solo Parents will hold a bowling party for club members and their children on Sunday, March 27. The group will meet at Lincoln Park at 1:00 P.M.

Anyone interested in joining the group is urged to call the YWCA and ask for Mrs. Grenon.

## YMCA Events

### TENNIS CLINIC

Get into the swing! Learn a great recreational sport that will help keep you in shape this summer.

The New Bedford YMCA will offer a Tennis Clinic for beginners starting Tuesday, March 29. The lessons will be given twice weekly on Tuesday and Thursday at 9:30-10:15 A.M. for three weeks. The grips, forehand, backhand, serve, footwork, and scoring will be taught.

Class size is limited! Register early! The YMCA is located on 25 South Water Street in New Bedford. For more information call 997-0734.

### "TINY TOT" CLASSES

Children's swimming lessons come to mind as the mild Spring weather excites us for the Summer ahead.

The New Bedford YMCA has swimming lessons for children 2 1/2-5 1/2 years old. These "Tiny-Tot" classes are taught using two formats. The first is an Instructor-Child

Format with no parent participation in the water. The second format is a Parent-Child format with both parent and child participating together under the guidance of an instructor.

Two Instructor-Child classes are available. One starts Friday, April 1, from 2 to 2:30 P.M. for ten weeks, and the other class starts on Thursday, April 28, from 9:15 to 9:45 A.M. for ten weeks. One Parent-Child class is available on Tuesday from 10:05 to 10:25 A.M., starting April 26.

Additionally, a gym class is offered for "Tiny-Tots" starting at 11:00-11:30 A.M. on April 7 for ten weeks. The children will explore various movements on and around apparatus designed to instill confidence, develop strength and coordination.

All classes have limited space; therefore, enroll early to assure a place in the class. The YMCA is located on 25 South Water Street in New Bedford; 997-0734.

the sessions. Lamaze instruction is unique in that it incorporates many of the features of other pre-natal classes, including the Grantly Dick-Reed concept of childbirth without fear, yet commits itself to "total prepared childbirth" rather than any one technique. Prepared childbirth, it should be noted, is not only "natural childbirth". Hopefully, each couple should have its own goals and preferences.

Throughout, the primary emphasis will be on learning relaxation and breathing techniques to minimize discomfort during labor and delivery. Instruction in the total birth process will also be featured.

Mrs. Donna Sassone, R.N., a certified instructor in the Lamaze technique, notes that the classes are couple-oriented, thereby preparing the husband as labor-coach and the mother's chief support throughout childbirth. However, for those whose husbands are unable to attend, a close friend or relative will be welcome.

There is a fee for the instruction. For further information, please call Mrs. Sassone at 758-3874.

## Flower Show

The mammoth 1977 New England Spring Garden & Flower Show blooms at Boston's Commonwealth Pier Exhibition Hall on Saturday, March 19, for a nine-day festival, ending Sunday, March 27.

Sponsored for 106 years by the Mass. Horticultural Society, this traditional Flower Show is nature at its best -- gardens, plants and trees melded together in massive displays of beautiful color and aromas.

New England's top nurseries will prepare landscaped settings that are the dream of

any green thumb, with blooming dogwoods, rhododendrons, azaleas and even apple trees. Several exhibitors will arrange tropical paradises, complete with tall palm trees!

Some of this country's finest horticultural experts will create gardens - large beds of blooming Spring flowers, such as tulips or daffodils; rare orchids from the Orient; a

rainbow of English perennials; even a large rose garden, full of pink, red and white fragile flowers.

Many of the exhibits will be educational - how city dwellers can grow vegetables in containers, how to build a window greenhouse, and how to garden under lights. The Horticultural Society Information Booth will have experts on hand throughout show hours to answer any gardening questions, and one entire section of the Flower Show is devoted to houseplant care.

Indeed, the Flower Show has a little something for everyone - wildflowers, cacti, hanging plants, interior design, Japanese bonsai, flower arrangements, water gardens, urban improvement and Oriental Ikebana.

The floral festival will have an international theme - with exhibitors showing gardens from around the world; and countries from which plants originated.

Hours are 10 A.M. to 10 P.M. daily, except Sundays, when the show closes at 8 P.M. Children under 12 are admitted free when accompanied by a parent.

Acres of parking surround Commonwealth Pier, located on Northern Avenue in Boston next to Pier 4 Restaurant. The Flower Show is also easily reached by taking the subway to South Station, and an MBTA bus will leave there every five minutes for the Exhibition Hall.

The oldest and largest show of its kind in the country, the Flower Show benefits the educational programs of the Horticultural Society.

Dancing will be from 9:00 P.M. to 1:00 A.M. to the music of Ralph Stuart's orchestra. Dress is semi-formal.

Proceeds from the ball will be donated to the university library.

An optional feature of the festivities is a champagne reception at 6:30, hosted by President and Mrs. Donald E. Walker, followed by a prime rib dinner.

Those who wish to sit together should make table reservations by calling 997-9321, extension 209 or 210.
